and Advance Logistics Investment Corporation

Mitsui Fudosan Logistics Park Inc. (“MFLP-REIT”) and Advance Logistics Investment Corporation (“ADL”; MFLP-REIT and ADL are collectively referred to as “Each REIT”) announced that each of them has, at Each REIT’s Board of Directors Meeting held today, resolved to undertake an absorption-type merger, with November 1, 2024 as the effective date, whereby MFLP-REIT will be the surviving corporation and ADL will be the dissolving corporation in the merger (the “Merger”), and have today also executed a merger agreement (the “Merger Agreement”) as follows.

In addition, concurrently with the Merger, Mitsui Fudosan Logistics REIT Management Co., Ltd. (“MFLM”), the asset management company of MFLP-REIT, and ITOCHU REIT Management Co., Ltd. (“IRM”), the asset management company of ADL announced that each of them has, at Board of Directors Meeting held today, resolved to undertake an absorption-type company split (the “Company Split”), with November 1, 2024 as the effective date, whereby MFLM will be the successor company in the absorption-type company split and IRM will be the splitting company in the absorption-type company split. For details of the Company Split, please refer to “Notice Concerning Execution of the Absorption-type Company Split Agreement between Asset Management Company Mitsui Fudosan Logistics REIT Management Co., Ltd. and ITOCHU

REIT Management Co., Ltd. and the Change of Principal Shareholder of Mitsui Fudosan Logistics REIT Management Co., Ltd.” released today.

As a result of the Merger and the Company Split, IRM will become a shareholder of MFLM (holding 23% of the voting rights), MFLM will be entrusted by MFLP (MFLP after the Merger between MFLP and ADL) to manage assets.

1. Purpose of the Merger

Looking at the Japanese economy, while being impacted by the sluggish pace of recovery of the global economy, its growth in exports and corporate activity has contributed to a gentle recovery trend since the convergence of the novel coronavirus disease (COVID-19). On the other hand, although the Bank of Japan has been normalizing its monetary policy as economic and social activities recover, in the foreign exchange market, the yen has been weakening against the backdrop of widening real interest rate differentials, and the current market environment remains uncertain due to inflation, currency depreciation, and concerns about rising interest rates.

In such environment, the current Real Estate Investment Trust Securities Market (the “J-REIT market”) of Tokyo Stock Exchange, Inc. (“Tokyo Stock Exchange”) continues to be unstable, due to concerns about the ability to cope with inflation, such as rent increases, and rising long-term interest rates.

MFLP-REIT listed on the J-REIT market section of Tokyo Stock Exchange in August 2016, sponsored by Mitsui Fudosan Co., Ltd. (“Mitsui Fudosan”), one of the Japan’s leading comprehensive developers. MFLP-REIT has established a strategic partnership with Mitsui Fudosan in the logistics facilities business. Within the value chain of Mitsui Fudosan’s logistics facilities business, which includes development (development of logistics facilities), management (management and operation of logistics facilities) and holding (holding of logistics facilities), the holding function will be conducted by MFLP-REIT. The basic policy is to aim to maximize unitholder value through the MFLP-REIT’s sustained growth, aligning with, under such function, Mitsui Fudosan’s logistics facilities business that has high growth potential. MFLP-REIT has repeatedly achieved steady external growth through public offerings, and as of today manages a portfolio consisting of a total of 30 properties (total acquisition price: 399,754 million yen), with a total number of investment units issued and outstanding of 608,000 units.

ADL listed on the J-REIT market section of Tokyo Stock Exchange in September 2018, sponsored by ITOCHU Corporation (“ITOCHU”), a major general trading company, and ITOCHU Property Development, Ltd. (ITOCHU Property Development), comprehensive developer affiliated with the ITOCHU Group (the corporate group consisting of ITOCHU Corporation, consolidated subsidiaries and equity-method affiliates; hereinafter the same applies). Based on the “Realty and Logistics Platform,” which consists of real estate and logistics functions of ITOCHU Group, ADL owns and manages logistics real estate through competitive advantages in property supply and leasing support, leveraging the Group-wide Merchant Channel Platform of ITOCHU Corporation’s broad customer network covering approximately 100,000 companies. ADL as of today manages a portfolio consisting of a total of 16 properties (total acquisition price: 139,230 million yen), with a total number of investment units issued and outstanding of 674,400 units.

Each REIT has managed their properties by taking advantage of their respective characteristics, aiming to secure stable earnings and steady growth of assets under management over the medium to long term. At the same time, however, they are aware of common challenges.

In other words, Each REIT recognizes the issues that expected yields on advanced logistics facilities, the main investment targets, remain low due to their scarcity and high liquidity, and that opportunities for large-scale property acquisitions through public offerings are limited, coupled with deteriorating J-REIT market conditions against a backdrop of concerns over rising interest rates due to changes in the Bank of Japan’s monetary policy.

Under these circumstances, MFLP-REIT and ADL have agreed to begin discussions regarding the Merger in March 2024, and have carefully considered the Merger, as a measure to address these issues and to contribute to the continuous growth of unitholders’ value in respect of each of MFLP-REIT and ADL. As a results, Each REIT reached the common understanding that the Merger is the best measure to contribute to the growth of unitholders’ value in respect of each of MFLP-REIT and ADL and entered into the Merger Agreement today.

Each REIT considers that the Merger has the following rationale:

(1) Expanded asset size to elevate market presence

As a result of the Merger, the asset size after the Merger (Note) will increase to 49 properties and 576.5 billion yen ((anticipated) acquisition price basis), and its presence in the J-REIT market will be enhanced. Furthermore, investment unit liquidity will be improved due to the expansion of asset size. While the J-REIT market is currently in a slump, making external growth difficult, the Merger will realize rapid expansion of the asset size and achieve MFLP’s medium-term asset size target of 500 billion yen. We will continue to aim for continuous external growth that contributes to the enhancement

of unitholder's value and aim for sustainable growth as a representative of dedicated logistics J-REIT.

(Note) MFLP is scheduled to acquire three properties (total anticipated acquisition price: 10,763 million yen) on November 1, 2024, the effective date of the Merger, subject to the Merger taking effect. The above asset size is the figure after the acquisition of the said assets. For details of the said asset acquisition, please refer to ADL's "Notice Concerning Acquisition of Trust Beneficiary Interest in Domestic Real Estate" dated today.

(2) Better stability resulting from advances in portfolio diversification

With the expansion of the number of properties through the Merger, portfolio diversification will progress, and income stability will improve. After the Merger, the top 5 property ratio ((anticipated) acquisition price basis) will decrease from MFLP-REIT 34.7% and ADL 72.9% to 30.3% and the top 5 tenant ratio (leased area basis) will also remain low from MFLP-REIT 27.4% and ADL 70.7% to 29.8% due to the Merger, thus improving the stability of income.

(3) Dual sponsorship structure with comprehensive developer and general trading company

Sponsor support will be strengthened by the dual sponsorship structure consisting of Mitsui Fudosan, a comprehensive developer, and ITOCHU Group, a general trading company. We will maintain our focus on quality by incorporating, through the Merger, the dual brands of Mitsui Fudosan Logistics Park and i Missions Park, which denote advanced logistics facilities, and aim to enhance unitholder's value by external and internal growth through further strengthening of property pipeline supply capability and leasing capability by maximally leveraging both sponsors' platforms and networks.

(2) Form of the Merger

(3) Allocation of Investment Units under the Merger

	MFLP-REIT (Surviving corporation in the absorption-type merger)	ADL (Dissolving corporation in the absorption-type merger)
Allocation of investment units under the Merger	1	1.168 (Reference) Before the Split of Investment Units 0.292

(Note 1) The number of new MFLP-REIT investment units to be issued as a result of the Merger: 787,699 units (planned)

(Note 2) MFLP-REIT plans to split one investment unit into four investment units with October 31, 2024 as the record date for the Split of Investment Units and November 1, 2024 as the effective date of the split; the merger ratio shown above and the number of the new

Investment units MFLP-REIT will allocate and deliver are subject to the Split of Investment Units taking effect. If 0.292 MFLP-REIT investment units are allocated and delivered against 1 ADL investment unit on the basis of the merger ratio before the Split of Investment Units, there will be many unitholders of ADL being allocated fractions of less than one MFLP-REIT investment unit. To make it possible for unitholders of ADL to continue holding MFLP-REIT investment units after the Merger, a split of MFLP-REIT investment units will be carried out prior to the Merger taking effect, in the ratio of four MFLP-REIT investment units to one MFLP-REIT investment unit for the purpose of delivering to all unitholders of ADL at least one MFLP-REIT investment unit, and 1.168 MFLP-REIT investment unit will be allocated and delivered for every one ADL investment unit. For more details on the Split of Investment Units, please refer to the “Notice Concerning the Split of Investment Units” released today by MFLP-REIT.

(Note 3) Fractions of less than one unit will be generated for the number of investment units to be allotted to the unitholders of ADL through the allotment of 1.168 units of MFLP-REIT per unit of ADL. These fractional units will be sold through a market transaction in accordance with statutory provisions, and the proceeds from the sale will be delivered to the unitholders who hold fractions, in proportion to the size of their fractional holding.

(Note 4) In addition to the above investment units, instead of cash distributions to the unitholders of ADL for ADL’s final fiscal period ending on the day immediately prior to the effective date of the Merger, MFLP-REIT will, within a reasonable period after the effective date of the Merger, make a cash distribution to the unitholders listed or recorded on the final unitholders register of ADL as of the day immediately prior to the effective date of the Merger (excluding the unitholders of ADL who have demanded the purchase of their investment units pursuant to the provisions of Article 149-3 of the Act on Investment Trusts and Investment Corporations (Act No. 198 of 1951, as amended, the “Investment Trusts Act”) (excluding unitholders who have withdrawn such demand for purchase)) (the “Allotted Unitholders”), in an amount equivalent to the cash distributions for the fiscal period (the payment will be the amount of distributable profit of ADL as of the day immediately prior to the effective date of the Merger divided by the number of investment units that is obtained by deducting (a) the number of investment units held by the unitholders other than the Allotted Unitholders from (b) the number of investment units issued and outstanding of ADL, as of the day immediately prior to the effective date of the Merger (such calculated amount being rounded down to the nearest whole yen)). The details will be announced once they are determined.

(4) Amendment to the Articles of Incorporation of the Surviving Corporation

MFLP-REIT is planning to submit the following proposals for the changes of the Articles of Incorporation subject to the condition that the Merger takes effect: Change of the fiscal period in accordance with the Merger and adjustment to the provision of the asset management fees, etc. (the “Changes to the Articles of Incorporation”) to the MFLP-REIT’s General Meeting of Unitholders scheduled on September 30, 2024. For the details of the Changes to the Articles of Incorporation, please refer to the Exhibit 1 of the Merger Agreement attached to this press release as Exhibit and the press release “Notice Concerning Approval of a Merger Agreement and Partial Amendments to the Articles of Incorporation” released by MFLP today.

MFLP-REIT plans to file a notification pursuant to Article 191 of the Investment Trusts Act as soon as the Changes to the Articles of Incorporation takes effect.

(5) Major Conditions Precedent for the Merger

The Merger is subject to the following conditions as of the day before the effective date of the Merger:

- (i) Each REIT has confirmed in a manner and substance reasonably satisfactory to them that no filing procedures for Form F-4 for the Merger is required under the U.S. securities law;
- (ii) ADL and IRM have agreed in advance to terminate the asset management agreement between ADL and IRM as of the effective date to the reasonable satisfaction of MFLP-REIT;
- (iii) for Each REIT, procedures which are required, in accordance with applicable laws and regulations and internal regulations, to implement the Merger and the matters contemplated in relation to the Merger (for MFLP-REIT, including the approval of the general meeting of unitholders for a proposal to approve the Merger Agreement, a proposal to amend the Articles of Incorporation, and other proposals separately determined by MFLP-REIT and ADL upon agreement, for ADL, including the approval of the general meeting of unitholders for a proposal to approve the Merger Agreement, a proposal to terminate the asset management agreement, a proposal to amend the Articles of Incorporation, and other proposals separately determined by MFLP-REIT and ADL upon agreement) and obtaining permits, etc. have been completed;
- (iv) prior consent has been obtained from all financial institutions providing loans to Each REIT regarding the execution of the Merger and the basic conditions of loans on or after the effective date of the Merger (with respect to agreements for loans, including necessary measures to avoid the occurrence of any breach of financial covenants, breach of covenants, or event of acceleration for MFLP-REIT after the Merger), and such consent has not been withdrawn (such consent must be in writing unless there are reasonable grounds for being unable to obtain a written consent);
- (v) Each REIT has obtained the prior consent to execute the Merger from the other party from whom MFLP-REIT or ADL is obliged under agreements, etc. (limited to those that have a significant impact on the operation of MFLP-REIT after the Merger) to obtain such consent to execute the Merger (except for the financial institutions

set forth in item (iv) above and the party with whom MFLP-REIT and ADL agree upon consultation that it is less necessary to maintain the said agreement, etc. in the operation of the surviving corporation after the Merger), and such consent has not been withdrawn (such consent must be in writing unless there are reasonable grounds for being unable to obtain a written consent);

- (vi) with respect to the borrowings of Each REIT that will become due for repayment during the period from the date of execution of the Merger Agreement to the effective date, refinancing has been executed through borrowings with terms and conditions reasonably satisfactory to Each REIT with respect to the repayment date, interest rate, and other conditions;
- (vii) no event has occurred that is reasonably concluded to markedly impede or make markedly difficult the realization of the Merger (including, but not limited to, any events related to the Merger that will have a material adverse effect on the cash flow of the surviving investment corporation after the Merger);
- (viii) none of MFLP-REIT and ADL is in breach of any obligations under agreements (including the Merger Agreement) or late in payment of any monetary obligations (including taxes and public charges) (in each case, excluding de minimis matters). With respect to Each REIT, there is no occurrence of event of acceleration (including any event that would constitute an event of acceleration upon notice and/or the passage of time), suspension of payment, inability to pay debts, or filing of petition for or commencement of bankruptcy proceedings, special liquidation proceedings, civil rehabilitation proceedings, or other applicable insolvency proceedings;
- (ix) Each REIT has consummated all purchases and sales under agreements for the acquisition of properties that were executed by the date of execution of the Merger Agreement (including the same date), with a scheduled execution date of no later than the effective date under such agreements (not including the same date), and, in addition, there is no specific risk that all purchases and sales that are scheduled to be consummated on or after the effective date under the relevant agreements will not be consummated;
- (x) none of MFLP-REIT, MFLM, ADL or IRM has been subject to revocation of registration, suspension of operations in whole or in part, or other administrative disposition by supervisory authorities having a material impediment or material impact on the implementation of the Merger; and
- (xi) no cause for cancellation or termination has occurred under the absorption-type company split agreement executed between MFLM and IRM on the same date as the execution date of the Merger Agreement, and it is certain that such company split will take effect on the effective date.

If on the day preceding the effective date of the Merger any of the following conditions precedent to the Merger's taking effect has not been satisfied or if it has become clear that any of the following conditions precedent to the Merger's taking effect will not be satisfied by the day preceding the effective date of the Merger (in each case, unless, in cases where the subject prerequisite is one of items (i) through (x) above, the failure to fulfill such item is caused by violations, defects, or problems attributable to itself or its related parties), MFLP-REIT or ADL will be entitled to cancel the Merger Agreement without incurring any liability or payment duties to the adversary party (provided, however, that the foregoing shall not apply to liability or payment duties in a case where the party that gave such notice is in breach of the Merger Agreement) with a written notice to the adversary party prior to the effective date.

3. Basis for the Calculation of the Allocation of Investment Units upon the Merger

(1) Basis for the Calculation

For the purpose of determining the merger ratio to be adopted in the Merger, in view of ensuring fairness, MFLP-REIT and ADL respectively appointed a financial advisor for the Merger and requested each financial advisor to perform a financial analysis of the merger ratio. MFLP-REIT appointed Daiwa Securities Co., Ltd. ("Daiwa Securities"), and ADL appointed SMBC Nikko Securities Inc. ("SMBC Nikko Securities").

The summaries of the analyses respectively conducted by Daiwa Securities and SMBC Nikko Securities indicate figures prior to taking into consideration the Split of Investment Units, by MFLP-REIT, of one investment unit into four investment units as mentioned above in "2. Overview of the Merger, (3) Allocation of Investment Units under the Merger".

Because the investment units of Each REIT are respectively listed on the Tokyo Stock Exchange and the market prices are available, Daiwa Securities conducted the historical unit price analysis. Because there are multiple listed investment corporations comparable to Each REIT and analogical estimates of the investment unit values based on the comparable investment corporations are possible, Daiwa Securities also conducted the comparable trading multiple analysis. In addition, Daiwa Securities conducted the dividend discount model analysis ("DDM") to reflect future business activities of Each REIT, and for the purpose of reflecting the market values of the properties held by Each REIT, Daiwa Securities also conducted the adjusted net asset value analysis. A summary of the results of the calculations by Daiwa Securities is as follows.

Valuation Approach	MFLP-REIT	ADL
Historical Unit Price Analysis	1	0.276~0.281
Comparable Trading Multiple Analysis	1	0.280~0.338
DDM Analysis	1	0.216~0.326
Adjusted Net Asset Value Analysis	1	0.346

In the historical unit price analysis, the closing prices of investment units as of the base date for calculation and the simple average of the closing prices of investment units for the one-month period, three-month period and six-month period from August 2, 2024, which is set as the base date for calculation, has been adopted, after taking into account the recent status of market transactions of the investment units of Each REIT.

In the future profit plans of Each REIT assumed in DDM by Daiwa Securities, there is no fiscal year in which a significant increase or decrease in income is expected in Each REIT's profit plan.

For details of the supplemental explanation regarding the assumptions and disclaimers of Daiwa Securities' analysis, please refer to (Note 1) at the end of this press release.

SMBC Nikko Securities has determined to adopt valuation methods to calculate the merger ratio based on its own analysis on the financial information of Each REIT as well as the terms and conditions of the Merger. Because the investment units of Each REIT are respectively listed on the Tokyo Stock Exchange and the market prices are available, SMBC Nikko Securities conducted the historical unit price analysis. Because there are multiple listed investment corporations comparable to Each REIT and analogical estimates of the investment unit values based on the comparable investment corporations are possible, SMBC Nikko Securities also conducted the comparable trading multiple analysis. In addition, SMBC Nikko Securities conducted the dividend discount model analysis ("DDM") as a method of valuation and analysis of the investment unit values based on dividends that unitholders of Each REIT are expected to receive in the future, and for the purpose of reflecting the market values of the properties held by Each REIT, SMBC Nikko Securities also conducted the adjusted net asset value analysis. A summary of the results of the calculations by SMBC Nikko Securities is as follows.

Valuation Approach	MFLP-REIT	ADL
Historical Unit Price Analysis	1	0.28~0.28
Comparable Trading Multiple Analysis	1	0.26~0.40
DDM Analysis	1	0.25~0.42
Adjusted Net Asset Value Analysis	1	0.33

In the historical unit price analysis, the simple average of the closing prices of investment units for the one-month period, three-month period and six-month period from August 2, 2024, which is set as the base date for calculation, has been adopted, after taking into account the recent status of market transactions of the investment units of Each REIT.

In the future profit plans of Each REIT assumed in DDM by SMBC Nikko Securities, there is no fiscal year in which a significant increase or decrease in income is expected in Each REIT's profit plan.

For details of the supplemental explanation regarding the assumptions and disclaimers of SMBC Nikko Securities' analysis, please refer to (Note 2) at the end of this press release.

(2) Background of the Calculation

After comprehensively taking into account the financial results, status of assets and liabilities, future prospects of the business, synergies to be created by the Merger and the results of the financial analysis conducted by the financial advisors for MFLP-REIT and ADL and discussing and negotiating meticulously, MFLP-REIT and ADL executed the Merger Agreement, as they determined the above-mentioned merger ratio to be appropriate.

(3) Relationship with the Financial Advisors

Neither Daiwa Securities nor SMBC Nikko Securities falls under the definition of an "Affiliated Party" of MFLP-REIT or ADL as set forth in Article 67, Paragraph 4 of the Ordinance Regarding Calculation of the Investment Corporation (Cabinet Ordinance No. 47 of 2006, as amended) and has no significant interest to note in connection with the Merger. Although SMBC Nikko Securities is a member of the same corporate group of Sumitomo Mitsui Financial Group, Inc. as Sumitomo Mitsui Banking Corporation ("SMBC"), which conducts financing transactions and other normal banking operations with MFLP-REIT and ADL, ADL has appointed SMBC Nikko Securities as its financial advisor and third-party valuation firm. This decision was made in consideration of the following reasons:

1. SMBC Nikko Securities' established track record as a third-party valuation firm;

2. The implementation of prescribed information barrier measures between the department responsible for calculating the merger ratio and other departments within SMBC Nikko Securities, as well as between SMBC Nikko Securities and SMBC, as a conflict prevention measure; and
3. The maintenance of ADL's and SMBC Nikko Securities' independence as financial advisor and third-party valuation firm, due to their engagement in transactions under the same terms and conditions as those with general business partners.

Based on these considerations, it has been determined that SMBC Nikko Securities' independence as a financial advisor and third-party valuation firm is sufficiently ensured, and that there are no particular issues with ADL requesting SMBC Nikko Securities to calculate the merger ratio. Consequently, ADL has appointed SMBC Nikko Securities as a financial advisor and third-party valuation firm.

(4) Prospects and Reasons for Delisting

The Merger is planned to be implemented in the form of an absorption-type merger. It is expected that ADL will dissolve in accordance with Article 143(iv) of the Investment Trusts Act, and the investment units issued by ADL will be delisted on October 30, 2024, which is two business days prior to the effective date of the Merger, in accordance with the Criteria for Delisting set forth by Tokyo Stock Exchange. Upon the Merger, the unitholders of ADL will be allotted new MFLP-REIT investment units in proportion to the number of investment units they hold and thereby own MFLP-REIT investment units, and MFLP-REIT investment units are already listed on the Tokyo Stock Exchange and will continue to be tradable on the Tokyo Stock Exchange.

(5) Measures to Ensure Fairness

(i) Measures to Secure Fairness in the Course of Considering Pros and Cons of Merger and Merger Ratio

Neither MFLP-REIT nor ADL holds any investment units of the other party and there are no capital ties between them. In addition, during the course of the discussion about the Merger, there is no special capital relationship among MFLM, which is the asset management company for MFLP-REIT, IRM, which is the asset management company for ADL, and their shareholders, and they have no mutual material interest. Accordingly, MFLP-REIT and ADL have, on an arm's length basis, agreed upon the execution of the Merger Agreement including the merger ratio after discussions and negotiations, as set forth in (2) above.

In addition, in the course of considering the Merger, MFLP-REIT has timely reported the status of the consideration to the Board of Directors of the investment corporation, which is constituted by one executive director and two supervisory directors, whose independence from an asset management company has been ensured under the Investment Trusts Act. Further, important matters to be considered are deliberated and approved by the Board of Directors of the investment corporation.

ADL has timely reported the status of the consideration to the Board of Directors of the investment corporation, which is constituted by one executive director and three supervisory directors, whose independence from an asset management company has been ensured under the Investment Trusts Act. Further, important matters to be considered are deliberated and approved by the Board of Directors of the investment corporation.

Furthermore, MFLP-REIT has appointed Nagashima Ohno & Tsunematsu and ADL has appointed Mori Hamada & Matsumoto, as a legal advisor for the Merger, and MFLP-REIT and ADL have respectively received advice on matters including the procedures for the Merger, the method and procedures for making decisions.

(ii) Measures to Secure Fairness in the Calculation of the Merger Ratio

As described in items (1) through (3) above, MFLP-REIT and ADL requested their respective financial advisors to conduct a financial analysis regarding the merger ratio. In determining the appropriate merger ratio, MFLP-REIT and ADL considered various factors including the financial analyses conducted by their respective financial advisors.

In order to ensure the fairness of the Merger, MFLP-REIT has retained Daiwa Securities, which is an independent third-party financial advisor, for its unitholders, and obtained a report of merger ratio analysis, in which analyses of allotment of units in the Merger were conducted from a financial viewpoint under certain assumptions. Given the above, the Board of Directors of MFLP-REIT has determined that measures for ensuring the fairness of the Merger were adequately implemented.

In order to ensure the fairness of the Merger, ADL has retained SMBC Nikko Securities, which is an independent third-party financial advisor, for its unitholders, and obtained a report of merger ratio analysis, in which analyses of allotment of units in the Merger were conducted from a financial viewpoint under certain assumptions. Given the above, the Board of Directors of ADL has determined that measures for ensuring the fairness of the Merger were adequately implemented.

It should be noted that neither of MFLP-REIT nor ADL obtained a written opinion (so-called a "fairness opinion") from the relevant financial advisor to the effect that the merger ratio is financially suitable for each unitholder of each investment corporation.

related to the investment units held by them within a reasonable period, after the Effective Date, considering calculation of ADL's revenue for ADL's Final Fiscal Period, administrative procedures for the delivery of a Payment upon the Merger, etc. The amount of such Payment upon the Merger shall be calculated in accordance with the following formula (truncated to the nearest yen) for every one ADL investment unit the Allotted Unitholders own.

$$\begin{array}{lcl} \text{Amount} & \text{of} & \text{Amount of ADL's distributable profit} \\ \text{Payment upon the} & & \text{as of the day immediately preceding the Effective Date} \\ \text{Merger} & \text{per} & \text{Number of ADL investment units issued and outstanding} \\ \text{investment unit} & & \text{as of the day immediately preceding the Effective Date} \end{array} = \frac{\text{Amount of ADL's distributable profit as of the day immediately preceding the Effective Date}}{\text{Number of ADL investment units issued and outstanding as of the day immediately preceding the Effective Date}}$$

"Number of ADL investment units issued and outstanding as of the day immediately preceding the Effective Date" described in the formula above is the number of investment units that is obtained by deducting (a) the number of investment units held by unitholders of ADL other than the Allotted Unitholders from (b) the number of ADL investment units issued and outstanding as of the day immediately preceding the Effective Date.

Article 11 (Succession of corporate property)

On the Effective Date, MFLP-REIT shall succeed to any and all assets, liabilities, rights and obligations of ADL existing as of the Effective Date.

Article 12 (Covenants)

1. During the period from the date of execution of this Agreement (including the same date) to the Effective Date (not including the same date), MFLP-REIT and ADL shall each conduct their respective businesses and manage and operate their respective properties with the due care of a prudent manager, in substantially the same manner and in the ordinary course of business as was practiced prior to the execution of this Agreement, and cause their respective asset management companies, asset custody companies, administrative agents, accounting auditors, and other third parties to do the same, and shall obtain the prior consent of the adversary party (such consent shall not be unreasonably refused, withheld or delayed) before taking any action that might have material impact on their respective assets, rights or obligations (such action includes, but not limited to, issuance of investment units, issuance of investment corporation bonds, new borrowings (excluding any borrowing to pay existing loans), or entering into or performing a sale or purchase agreement for assets. However, this excludes those set forth in this Agreement and those based on agreements already entered into and announced by the date of execution of this Agreement (including the same date)).
2. During the period from the date of execution of this Agreement (including the same date) to the Effective Date (not including the same date), MFLP-REIT and ADL shall take practical measures

3. During the period from the date of execution of this Agreement (including the same date) to the Effective Date (not including the same date), MFLP-REIT and ADL shall be responsible for the performance of their respective borrowing and other obligations and shall not cause a breach of financial covenants or other breach of contract.
4. MFLP-REIT and ADL shall immediately give notice to the other parties, if, during the period from the date of execution of this Agreement (including the same date) to the Effective Date (not including the same date), any party learns of any event which may reasonably have a material impact on their business, financial condition, or the Merger (including, but not limited to, an event such as a breach of financial covenants or other breach of contract, breach of laws and regulations by MFLP-REIT or ADL, or a matter indicated by the relevant authorities). In this case, MFLP-REIT and ADL shall discuss and consider how to deal with such event in good faith and shall use best efforts to resolve such issues.

Article 13 (Prerequisites for the Merger and Cancellation)

If on the day preceding the Effective Date any of the following conditions precedent to the Merger's taking effect has not been satisfied or if it has become clear that any of the following conditions precedent to the Merger's taking effect will not be satisfied by the day preceding the Effective Date (in each case, unless, in cases where the subject prerequisite is one of items 1 through 10, the failure to fulfill such item is caused by violations, defects, or problems attributable to itself or its related parties), MFLP-REIT or ADL will be entitled to cancel this Agreement without incurring any liability or payment duties to the adversary party (provided, however, that the foregoing shall not apply to liability or payment duties in a case where the party that gave such notice is in breach of this Agreement) with a written notice to the adversary party prior to the Effective Date:

 - (5) MFLP-REIT and ADL have obtained the prior consent to execute the Merger from the other party from whom MFLP-REIT or ADL is obliged under agreements, etc. (limited to those that have a significant impact on the operation of MFLP-REIT after the Merger) to obtain such consent to execute the Merger (except for the financial institutions set forth in the preceding item and the party with whom MFLP-REIT and ADL agree upon consultation that it is less necessary to maintain the said agreement, etc. in the operation of the surviving corporation after the Merger), and such consent has not been withdrawn (such consent must be in writing unless there are reasonable grounds for being unable to obtain a written consent);
 - (6) with respect to the borrowings of MFLP-REIT and ADL that will become due for repayment during the period from the date of execution of this Agreement to the Effective Date, refinancing has been executed through borrowings with terms and conditions reasonably satisfactory to MFLP-REIT and ADL with respect to the repayment date, interest rate, and other conditions;

- (10) none of MFLP-REIT, MFLP-REIT's asset management company, ADL or ADL's asset management company has been subject to revocation of registration, suspension of operations in whole or in part, or other administrative disposition by supervisory authorities having a material impediment or material impact on the implementation of the Merger; and

If, during the period from the date of execution of this Agreement (including the same date) to the Effective Date (not including the same date), (i) there is any material change in the properties or the business condition of MFLP-REIT or ADL, (ii) there are circumstances that would materially impede the execution of the Merger, (iii) it becomes difficult to achieve the purpose of the Merger for any other reason, or (iv) grounds that could cause any of the above circumstances to occur becomes clear, then MFLP-REIT and ADL may, upon agreement through consultation in good faith, change the conditions of the Merger or any other provisions of this Agreement, or terminate this Agreement.
