# 12th Fiscal Period Asset Management Report

## Mitsui Fudosan Logistics Park Inc.

6-8-7 Ginza, Chuo-ku, Tokyo

From: February 1, 2022 To: July 31, 2022

#### I. To Our Unitholders

Mitsui Fudosan Logistics Park Inc. (MFLP-REIT) has ended its 12th fiscal period in July 2022 with smooth sailing, and since listing on the Tokyo Stock Exchange Real Estate Investment Trust (REIT) Market in August 2016, thanks to you, has achieved increased revenue, increased profit, and increased distributions for 11 consecutive fiscal periods.

I would like to convey my sincere appreciation to you, our unitholders, for your continued support of MFLP-REIT.

The Japanese economy has been experiencing downward pressure from the rising prices of raw materials and slowdown in overseas economies, but the effects from COVID-19 and supply bottlenecks have been subsiding, and receiving additional boosts from the accommodative financial conditions and the government's economic measures, it is expected to follow a path of recovery.

In the logistics market, while the supply of leading-edge logistics facilities is increasing in 2022 and 2023, the 3PL business specializing in outsourced logistics services continues to expand, and e-commerce demand is continually proceeding at high levels. Moreover, there is also a move aimed at streamlining logistics operations among retailers such as convenience stores and drug stores. As a result, the demand for leading-edge logistics facilities is expected to continue to increase and we consider that the leasing market is proceeding robustly. However, there are specific areas that may be impacted by the temporary increase in supply, and we will continue to pay close attention to the situation.

Going forward, MFLP-REIT will ensure appropriate and effective operation in order to boost unitholder value. I would like to ask our unitholders for their continued support and cooperation.

Yukio Yoshida, President and Chief Executive Officer Mitsui Fudosan Logistics REIT Management Co., Ltd.

- (Note 1) Unless otherwise specified, any numerical figures are rounded down to the nearest specified unit and percentage figures are rounded to the first decimal place.
- (Note 2) "Unitholders' capital, net" is the amount of "Unitholders' capital" less "Deduction from unitholders' capital."
- (Note 3) "Net income per unit" is calculated by dividing net income by the daily weighted average number of investment units. Diluted net income per unit is not stated because there are no dilutive investment units.

(Note 4) The following formulas are used in calculations.

| The following formulas are used in calculations.                            |   |  |  |
|---|---|--|--|
| Ratio of ordinary income to total assets                                    | Ordinary income ÷ {(Total assets at beginning of period + Total assets at end of period) ÷ 2} × 100   |  |  |
| Return on equity  | Net income $\div$ {(Net assets at beginning of period + Net assets at end of period) $\div$ 2} $\times$ 100   |  |  |
| Equity ratio at end of period   | Net assets at end of period ÷ Total assets at end of period × 100   |  |  |
| Payout ratio  | Distribution per unit (excluding distribution in excess of retained earnings) ÷ Net income per unit × 100 (rounded to the first decimal place)  Payout ratios for the 8th fiscal period, the 9th fiscal period and the 12th fiscal period are calculated by the following formula, because new investment units were issued.  Total amount of distribution (excluding distribution in excess of retained earnings) ÷ Net income × 100 |  |  |
| Net operating income (NOI) from property leasing                            | Property leasing business revenues – Property leasing business expenses + Depreciation and amortization   |  |  |
| Funds from operations (FFO)   | Net income + Depreciation and amortization of rental properties + Loss on retirement of non-current assets ± Gain (Loss) on sales of real estate properties   |  |  |
| FFO per unit  | FFO ÷ Total number of investment units issued and outstanding   |  |  |
| Ratio of interest-bearing debt to total assets at end of period (LTV ratio) | Interest-bearing debt at end of period ÷ Total assets at end of period × 100  |  |  |

- (Note 5) "Occupancy rate at end of period" is leased area of the building expressed as a percentage of leasable area of the building of each real estate in trust on each lease agreement concluded for each property as at the end of the fiscal period, rounded to the first decimal place.
- (Note 6) "Depreciation and amortization" is depreciation and amortization of investment and rental property.

#### (2) Developments in management of assets in the fiscal period under review

#### i) Brief history of the investment corporation

Mitsui Fudosan Logistics Park Inc. ("MFLP-REIT"), a Japanese real estate investment corporation, was established on March 4, 2016 under the Act on Investment Trusts and Investment Corporations of Japan (Act No. 198 of 1951, including subsequent amendments; the "Investment Trust Act"), by Mitsui Fudosan Logistics REIT Management Co., Ltd. (the "Asset Management Company") as the organizer, and listed on the Real Estate Investment Trust Securities Market (J-REIT section) of Tokyo Stock Exchange, Inc. ("Tokyo Stock Exchange") on August 2, 2016 (Securities Code: 3471). MFLP-REIT held assets totaling 24 properties amounting to a total acquisition price of ¥342.2 billion as at the end of the fiscal period under review.

#### ii) Investment environment and management performance

The Japanese economy, despite being affected by the rising prices of raw materials, is on a recovering trend as the effects of the novel coronavirus disease (COVID-19) attenuate. Capital investment has been improving except for weakness seen in certain industries. The employment and income environments overall are gradually recovering despite weak trends observed in some parts. Private consumption is on a moderate increase, mainly in the area of service consumption due to the subsiding impact of COVID-19. In the logistics market, the 3PL business (Note) specializing in outsourced logistics services continues to expand, and ecommerce demand remains at high levels. There is also a move aimed at streamlining logistics operations among retailers such as convenience stores and drug stores, and while it cannot be denied that the spread of COVID-19 may have a negative effect on the future logistics market, the demand for leading-edge logistics facilities is expected to continue to increase.

Under such circumstances, upholding a basic policy of pursuing maximization of unitholder value by achieving sustainable growth through formation of a strategic partnership in the logistics facilities business with Mitsui Fudosan Co., Ltd. ("Mitsui Fudosan"), MFLP-REIT has conducted steady management of the 24 properties held as at the end of the fiscal period under review (total acquisition price of ¥342.2 billion) to maintain an excellent occupancy rate of 99.9% for the entire portfolio as at the end of the fiscal period under review.

MFLP-REIT is promoting initiatives for ESG. In the fiscal period under review, MFLP-REIT has released an ESG Report introducing ESG initiatives by MFLP-REIT and the Asset Management Company.

(Note) "3PL business" refers to the third-party logistics business (business of providing logistics services to client companies outsourcing part or all of their supply chain management functions).

#### iii) Overview of financing

MFLP-REIT procured funds of \$17,082 million through public offering with a payment date of February 1, 2022, and \$854 million through third-party allotment with a payment date of February 24, 2022. As a result, unitholders' capital, net was \$200,671 million at the end of the fiscal period under review. In the fiscal period under review, MFLP-REIT executed debt financing of \$28,600 million (short-term loans payable of \$7,000 million; long-term loans payable of \$21,600 million) in February 2022 to fund the acquisitions of MFLP Yachiyo Katsutadai, MFLP Osaka I and MFLP Hiratsuka II; \$1,600 million (long-term loans payable) in March 2022 to repay long-term loans payable; \$4,600 million (short-term loans payable) in April 2022 to pay out distributions; and \$46,600 million (short-term loans payable) in May 2022, \$3,000 million (short-term loans payable) in June 2022, and \$2,600 million (short-term loans payable) in July 2022 to repay short-term loans payable, and executed repayments of a total of \$20,500 million (short-term loans payable of \$18,600 million; long-term loans payable of \$1,900 million) using funds from part of short-term loans payable procured in the fiscal period under review and internal reserve arising from depreciation, etc. As a result, at the end of the fiscal period under review, the balance of interest-bearing debt was \$123,900 million (short-term loans payable of \$5,200 million; current portion of long-term loans payable of \$9,000 million; investment corporation bonds of \$3,000 million; long-term loans payable of \$106,700 million) and the ratio of interest-bearing debt to total assets (LTV ratio) was 36.5%.

The following is the rating obtained by MFLP-REIT as at the end of the fiscal period under review.

#### iv) Summary of business performance and distributions

Through the management described above, business performance for the fiscal period under review resulted in operating revenues of \(\frac{\pmathbf{4}}{10,607}\) million, operating income of \(\frac{\pmathbf{4}}{4,459}\) million, ordinary income of \(\frac{\pmathbf{4}}{4,166}\) million, and net income of \(\frac{\pmathbf{4}}{4,165}\) million. In accordance with the distribution policy as defined in the Articles of Incorporation of MFLP-REIT, distributions for the fiscal period under review shall be subject to application of special provisions for taxation of investment corporations (Article 67-15 of the Act on Special Measures Concerning Taxation). Based on this, MFLP-REIT declared the distribution of \(\frac{\pmathbf{4}}{4,165,056,000}\), which is the integral multiple of the total number of investment units issued and outstanding (576,000 units) of unappropriated retained earnings. Accordingly, MFLP-REIT declared distribution of earnings per unit of \(\frac{\pmathbf{7}}{7,231}\).

In addition, in accordance with the distribution policy as defined in the Articles of Incorporation, MFLP-REIT shall execute distributions of cash in excess of retained earnings each fiscal period on a continuous basis in principle (Note 1). Based on this, MFLP-REIT declared the distribution of \(\frac{4}{6}\)466 million, which is the amount almost equivalent to the remaining amount after subtracting the distribution of earnings of \(\frac{4}{4}\),165 million from \(\frac{4}{4}\),811 million or 70% of FFO (Note 2), as return of capital applicable to distribution reducing unitholders' capital for tax purposes. Accordingly, MFLP-REIT declared distribution in excess of retained earnings per unit of \(\frac{4}{1}\),122.

- (Note 1) In addition to the continuous distributions in excess of retained earnings, in cases where the distribution amount for distribution per unit is expected to temporarily decline by a certain degree due to such factors as the procurement of funds through the issuance of new investment units, etc., a temporary distribution in excess of retained earnings may be executed by MFLP-REIT in order to standardize the amount of the distribution per unit.
  - However, from the perspective of continuing to maintain owned assets for a long period of time, in cases where the above distribution of cash is executed, and where the amount equal to the equivalent of depreciation and amortization for the applicable operating period minus the amount of the distribution in excess of retained earnings for the applicable operating period falls below the standard amount of capital for building maintenance (Note 3), the distribution in excess of retained earnings will be decreased by a maximum amount that the distribution amount does not fall below the total equivalent of the distribution of earnings, and this may lead to cases where distribution in excess of retained earnings will not be executed. In addition, from the perspective of continuing stable financial management, distributions in excess of retained earnings will not be executed in cases where the appraisal LTV ratio (Note 4) exceeds 60% in the event that the above distribution of cash is executed.
- (Note 2) "FFO" is an acronym for funds from operation and refers to the figure calculated by adding depreciation and amortization of rental properties for the applicable operating period and loss on retirement of non-current assets to net income (excluding gain (loss) on sales of real estate properties, etc.).
- (Note 3) "Standard amount of capital for building maintenance" refers to the amount that results by multiplying the six-month-equivalent amount of the 12-year-average amount of the amount equivalent to the capital expenditure amount noted in the Building Condition Evaluation Report by two.
- (Note 4) Appraisal LTV ratio (%) =  $A/B \times 100$  (%)
  - A = Total interest-bearing debt on the applicable accounts settlement date
  - B = Total assets on the balance sheets on the applicable accounts settlement date Amount of book value after depreciation of owned real estate on the applicable accounts settlement date + Appraisal value of owned real estate on the applicable accounts settlement date

#### (5) Future management policy and issues to be addressed

MFLP-REIT has established a strategic and collaborative partnership in the logistics facilities business with Mitsui Fudosan, under which it seeks to maximize unitholder value by focusing investments primarily in logistics facilities as a basic policy. Based on this policy, in addition to expansion of asset size for the purpose of further stabilizing the revenues base continuing into future periods, MFLP-REIT will perform stable and efficient financial management by addressing changes in the external and internal environment to maximize unitholder value.

#### i) External growth strategy

"External growth based on the growth potential and extensive pipeline of Mitsui Fudosan's logistics facilities business" MFLP-REIT aims for continuous growth by focusing investments on MFLP facilities (leading-edge logistics facilities with Mitsui Fudosan quality (Note 1)), utilizing the right of first look and preferential negotiation based on "Right of first look and preferential negotiation agreement" that was concluded with Mitsui Fudosan, which boasts high growth in the logistics facilities business, and the Asset Management Company.

(Note 1) Based on the principles of "harmonious coexistence" and "linking diverse values" set by the Mitsui Fudosan Group (Note 2), Mitsui Fudosan's logistics facilities business keeps up efforts aimed at not only providing logistics facilities space but also creating value beyond conventional boundaries. In order to achieve this, MFLP-REIT incorporates the highly-specialized and advanced management, operational know-how, etc. accumulated in the office building business, retail properties business, etc. and the know-how, etc. accumulated through urban development as a comprehensive real estate company. It also captures the diverse needs that change with the times of the various stakeholders associated with logistics facilities (tenants, people working at the logistics facilities, and local community). MFLP-REIT refers to the quality of logistics facilities realized through these efforts by the name "Mitsui Fudosan quality."

(Note 2) "Mitsui Fudosan Group" refers to a corporate group comprising Mitsui Fudosan, Mitsui Fudosan's consolidated subsidiaries and Mitsui Fudosan's associates accounted for using the equity method. The same shall apply hereinafter.

#### ii) Internal growth strategy

"Stable management using the Platform (business foundation) and client network of the Mitsui Fudosan Group"

MFLP-REIT aims for stable management by utilizing the Platform (business foundation) and client network that the Mitsui Fudosan Group has developed over years as a comprehensive real estate company.

#### iii) Financial strategy

"Financial and cash management with an emphasis on stability and efficiency"

MFLP-REIT will manage its finances stably, including funds raised through the issuance of new investment units and borrowings, and at the same time it will aim to secure both stable distribution levels and efficient cash management for distributions through continuous distributions in excess of retained earnings (return of capital) based on cash flow (FFO).

- (Note 1) "Leasable area" is the total floor area (rounded down to the nearest whole number) of each asset held by MFLP-REIT that is deemed to be leasable based on the lease agreement (Excluding lease agreements concerning shops, vending machines, photovoltaic power generation facilities and parking lots. Lease agreements for said buildings hereinafter referred to as "Subject Lease Agreements" in (2) and (3) below. Note that if the Subject Lease Agreements have been executed as of July 31, 2022, the buildings or rooms for lease that are vacant as of the said date are included in the Subject Lease Agreements as being under lease even if the move-in or handover date has not occurred on the said date.) or floor plan, etc. for such building as of July 31, 2022, and does not include the leased area indicated in the lease agreements concerning shops, vending machines, photovoltaic power generation facilities, parking lots, nursery centers and the like. The same shall apply hereinafter in (2).
- (Note 2) "Leased area" is the total leased area rounded down to the nearest whole number presented in each Subject Lease Agreement for buildings in each portfolio asset of MFLP-REIT as of July 31, 2022. If a master lease agreement has been executed for each portfolio asset held by MFLP-REIT as of July 31, 2022, the total leased area represents the sum total of the area that is actually leased based on the lease agreement signed with end-tenant rounded down to the nearest whole number. The same shall apply hereinafter in (2).
- (Note 3) "Occupancy rate" is the share of the leased area of the buildings in the leasable area for said buildings for each property held by MFLP-REIT as of July 31, 2022, rounded to the first decimal place. Occupancy rates for the total section are the share of the total leased area of the properties of the total leasable area of said properties, rounded to the first decimal place.
- (Note 4) For "GLP/MFLP Ichikawa Shiohama," "MFLP Yokohama Daikoku," "MFLP Hino" and "MFLP Prologis Park Kawagoe," leasable area and leased area are the prorated figures equivalent to the quasi co-ownership interest in each property that MFLP-REIT holds as of July 31, 2022 (50%, 50%, 25% and 50%, respectively).
- (Note 5) Not disclosed, because consent has not been obtained from the lessee.

- (Note 1) "Total number of tenants" is the total number of the Subject Lease Agreements for buildings in the portfolio assets held by MFLP-REIT as of each accounts settlement date. If a master lease agreement has been executed for each portfolio asset held by MFLP-REIT as of each accounts settlement date, it is the total number of the end-tenants. However, if one lessee enters into a multiple number of the Subject Lease Agreements for the same building of assets held by MFLP-REIT as of each accounts settlement date, the number of tenants is calculated on the assumption that such lessee is one party.
- (Note 2) "Occupancy rate" is the share of the leased area of the buildings in the leasable area for said buildings in the real estate in trust in the Subject Lease
  Agreements concluded for each property held by MFLP-REIT as of each accounts settlement date, rounded to the first decimal place. Occupancy
  rates for the total section are the share of the total leased area of the properties of the total leasable area of said properties, rounded to the first
  decimal place.
- (Note 3) For "GLP/MFLP Ichikawa Shiohama," "MFLP Yokohama Daikoku," "MFLP Hino" and "MFLP Prologis Park Kawagoe," property leasing business revenues and figures expressed as a percentage of total property leasing business revenues are the prorated figures equivalent to the quasi co-ownership interest in each property that MFLP-REIT holds as of each accounts settlement date (50%, 50%, 25% and 50%, respectively).
- (Note 4) Not disclosed, because consent has not been obtained from the lessee.

- (Note 1) As for short-term loans, the "Average interest rate" of each lending financial institution (weighted-average based on outstanding borrowings in the case of multiple borrowings from the same lender) has been rounded to the fourth decimal places. Moreover, in the case of multiple borrowings from the same lender, the "Borrowing date" and "Maturity date" are written as follows: (1) for borrowings with different borrowing dates, the oldest borrowing date is displayed, and (2) for borrowings with different maturity dates, the earliest maturity date is displayed.
- (Note 2) If the "Maturity date" is not a business day, it becomes the following business day.
- (Note 3) "Use" of funds is for purchase of real estate or real estate trust beneficiary interests, refinancing of loans, working capital, etc.
- (Note 4) The amounts are recorded as the current portion of long-term loans payable under current liabilities on the balance sheets at the end of the fiscal period.

#### (3) Status of investment corporation bonds

The following is the status of investment corporation bonds issued as of July 31, 2022.

# Mitsui Fudosan Logistics Park Inc. Notes to Financial Statements

### 1. Organization and Basis of Presentation

### a. Organization

Mitsui Fudosan Logistics Park Inc. ("MFLP-REIT"), a Japanese real estate investment corporation, was established on March 4, 2016 under the Act on Investment Trusts and Investment Corporations of Japan (Act No. 198 of 1951, including subsequent amendments; the "Investment Trust Act"), by Mitsui Fudosan Logistics REIT Management Co., Ltd. (the "Asset Management Company") as the organizer with investments in capital of ¥300 million (600 investment units). Registration with the Kanto Local Finance Bureau of the Ministry of Finance of Japan was completed on March 25, 2016. The investment units were listed on the Real Estate Investment Trust Securities Market (J-REIT section) of Tokyo Stock Exchange, Inc. on August 2, 2016 (Securities Code: 3471).

MFLP-REIT started acquisition of properties on August 2, 2016. With Mitsui Fudosan Co., Ltd. ("Mitsui Fudosan") as a sponsor, MFLP-REIT invests primarily in logistics facilities with a particular focus on MFLP facilities, that is, leading-edge logistics facilities with Mitsui Fudosan quality. This focus has been chosen in light of MFLP-REIT's goal of establishing a portfolio that emphasizes location, quality and balance.

As of July 31, 2022, MFLP-REIT held 24 properties with the total acquisition price of ¥342.2 billion.

### b. Basis of presentation

The accompanying financial statements of MFLP-REIT have been prepared in accordance with accounting principles generally accepted in Japan ("Japanese GAAP"), including provisions set forth in the Financial Instruments and Exchange Act of Japan, the Investment Trust Act and the related regulations, which are different in certain respects as to application and disclosure requirements of the International Financial Reporting Standards.

The accompanying financial statements are based on the financial statements of MFLP-REIT, which were prepared in accordance with Japanese GAAP and were presented in its Asset Management Report published for Japanese investors. In preparing the accompanying financial statements, certain reclassifications and modifications have been made to the financial statements issued domestically in order to present them in a format which is more familiar to readers outside Japan.

MFLP-REIT's fiscal period is a six-month period, which ends at the end of January and July of each year.

MFLP-REIT does not prepare consolidated financial statements as it has no subsidiaries.

Unless otherwise specified, amounts have been rounded down to the nearest thousand yen in the accompanying financial statements and the notes thereto, as permitted by the Financial Instruments and Exchange Act of Japan. As a result, the totals shown in the financial statements and notes thereto do not necessarily agree with the sum of the individual amounts.

# 2. Summary of Significant Accounting Policies

## a. Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and cash in trust, readily-available bank deposits, readily-available bank deposits in trust and short-term investments that are readily convertible to cash and realizable with a maturity of three months or less when purchased and that are subject to an insignificant risk of changes in value.

### b. Property and equipment

Property and equipment (including those in trust) are stated at cost, which includes the original purchase price and related acquisition costs and expenses. Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives. The useful lives of principal property and equipment are as follows:

Buildings: 2 to 59 years
Structures: 8 to 50 years
Machinery and equipment: 14 to 17 years
Vehicles: 4 to 7 years
Tools, furniture and fixtures: 3 to 15 years

### c. Intangible assets

Intangible assets are stated at cost, which includes the original purchase price and related acquisition costs and expenses. Amortization of intangible assets is calculated using the straight-line method over the estimated useful lives. Amortization of software for internal use is calculated using the straight-line method over the estimated useful lives of five years at MFLP-REIT.

### d. Investment unit issuance expenses

Investment unit issuance expenses are amortized using the straight-line method over a three-year period.

### e. Investment corporation bond issuance costs

Investment corporation bond issuance costs are amortized using the straight-line method over the period up to redemption.

### f. Recognition standard for revenues

Details of the main performance obligations related to MFLP-REIT's revenues from contracts with customers and the usual time at which the performance obligations are fulfilled (the usual time at which revenues are recognized) are as follows.

### (i) Utilities charges

For utilities charges, revenues are recognized based on the supply of electricity, water, and so forth to the lessee, who is the customer, in accordance with the lease contract for the real estate, etc. and the appended agreement details. Utilities charges are included in "other property-related revenues" in the statements of income and presented in the breakdown of "other property-related revenues" in Note 8. "Property Leasing Business Revenues and Expenses."

# g. Taxes on property and equipment

With respect to property taxes, city planning taxes and depreciable asset taxes imposed on real estate properties or trust beneficiary interests in real estate, of the tax amount assessed and determined, the amount corresponding to the relevant fiscal period is accounted for as property-related expenses.

Of the amounts paid for the acquisitions of real estate properties or trust beneficiary interests in real estate, the amount equivalent to property-related taxes is capitalized as part of the acquisition cost of the relevant property instead of being charged as expenses. No property-related taxes were capitalized for the 11th period. For the 12th period, the amount of \(\frac{\pma}{3}\)302,047 thousand was included in acquisition costs of real estate properties as the equivalent of property-related taxes of a total of four properties, including MFIP Inzai II, which was acquired in the fiscal period ended July 31, 2021 and finalized in the period ended July 31, 2022, and three properties acquired in the fiscal period ended July 31, 2022.

### h. Trust beneficiary interests in real estate

As to trust beneficiary interests in real estate that have real estate properties as assets in trust, all accounts of assets and liabilities within assets in trust as well as all income generated and expenses incurred from assets in trust are recorded in the relevant balance sheet and statement of income account items.

The following material items of the assets in trust recorded in the relevant account items are separately presented in the accompanying balance sheets.

- (1) Cash and deposits in trust
- (2) Buildings in trust, structures in trust, machinery and equipment in trust, vehicles and transport equipment in trust, tools, furniture and fixtures in trust and land in trust
- (3) Tenant leasehold and security deposits in trust

(2) Information on the nature of significant accounting estimates for identified items

In accordance with the Accounting Standard for Impairment of Fixed Assets, MFLP-REIT reduces the book value of noncurrent assets to their recoverable amounts, when the invested amount may not be recoverable due to decrease in profitability.

MFLP-REIT's investment properties are grouped on an individual asset basis. MFLP-REIT reviews the investment properties for impairment when consecutive operating losses, significant decline in the market price, deteriorated business environment and other factors related to investment properties indicate that the carrying amount of an asset may not be recoverable.

Expected future cash flows are used for review for impairment of an asset. When MFLP-REIT determines that it is necessary to recognize an impairment loss, the book value of the asset is reduced to the respective recoverable amount based on the appraisal value estimated by an external real estate appraiser, and the difference between the book value and recoverable amount is recorded as an impairment loss.

Future cash flows are determined by comprehensive judgement on estimates based on market trends on rental revenues, occupancy rates, property-related expenses and other factors as well as transaction information of similar properties.

Operating results and market price of each investment property may be affected by trends in property leasing market and property trading market. It is possible to have impact on MFLP-REIT's financial position and result of operations in the next fiscal period if assumptions used in estimates change.

### 3. Cash and Cash Equivalents

Reconciliation between cash and cash equivalents and accounts and amounts in the balance sheets is as follows:

### 4. Financial Instruments

### a. Status of financial instruments

### (1) Policy for financial instruments

MFLP-REIT procures funds for acquisition of assets or repayment of debts mainly through issuance of investment units, loans or issuance of investment corporation bonds.

MFLP-REIT generally invests surplus funds in deposits considering safety of the investments although surplus funds could be invested in securities and monetary claims as a matter of policy.

MFLP-REIT enters into derivative transactions to a limited extent for the purpose of avoiding the risk of interest rate fluctuation and other risks. MFLP-REIT does not engage in speculative transactions.

# (2) Financial instruments, their associated risks and risk management system

Deposits are used for investment of MFLP-REIT's surplus funds, and are exposed to credit risk such as failure of the financial institutions holding the deposits. MFLP-REIT limits the credit risk by restricting the deposit periods to short terms and selecting financial institutions that have high credit ratings.

Proceeds from loans and investment corporation bonds are used mainly to acquire real estate properties or refinance existing loans. While these loans are exposed to liquidity risk at the time of repayment, MFLP-REIT mitigates the liquidity risk by diversifying its means of fund procurement and lending financial institutions, dispersing repayment dates, establishing commitment lines and securing liquidity on hand, and also controls the liquidity risk by preparing monthly fund management plans.

In addition, loans with floating interest rates are exposed to the risk of interest rate rising. MFLP-REIT limits the impact of interest rate rises on its operations by keeping the ratio of interest-bearing debt to total assets at a low level and maintaining the ratio of fixed-rate long-term loans at a high level.

# (3) Supplementary explanation regarding fair values of financial instruments

Since variable factors are reflected in estimating the fair value of financial instruments, different assumptions and factors could result in a different value.

### b. Estimated fair value of financial instruments

The carrying amounts, fair values and their differences as of July 31, 2022 and January 31, 2022 are as follows. Information on cash and deposits, cash and deposits in trust and short-term loans payable is omitted because the fair value is approximately the same as the book value since these are settled with cash and within a short period of time. Information on tenant leasehold and security deposits in trust is also omitted due to its immateriality.

(Note 1) Methods to estimate fair values of financial instruments

(1) Current portion of long-term loans payable and (3) Long-term loans payable

The fair value is determined based on the present value being calculated by discounting the sum of principal and interest by the assumed interest rate which would be applied if a similar new loan were entered into.

(2) Investment corporation bonds

The fair value is determined based on the market price.

<sup>(</sup>Note 1) The carrying amount represents acquisition cost less accumulated depreciation.

Information about income and loss from investment and rental properties is stated in Note 8. "Property Leasing Business Revenues and Expenses."

<sup>(</sup>Note 2) Changes in the carrying amount during the 11th period consisted of the decrease mainly attributable to depreciation (\(\frac{\pmathcal{x}}{2}\),372,589 thousand). Changes in the carrying amount during the 12th period consisted of the increase mainly attributable to acquisition of trust beneficiary interests in real estate for three properties (\(\frac{\pmathcal{x}}{4}\)5,028,290 thousand), and the decrease mainly attributable to depreciation (\(\frac{\pmathcal{x}}{2}\),708,553 thousand).

<sup>(</sup>Note 3) The fair value at the end of the period represents the appraisal value or surveyed value by external real estate appraisers.

#### 6. Net Assets

### a. Stated capital

MFLP-REIT issues only non-par value units in accordance with the Investment Trust Act of Japan and all of the issue prices of new units are designated as stated capital. MFLP-REIT maintains at least ¥50,000 thousand as the minimum net assets as required by the Article 67, Paragraph 4 of the Investment Trust Act of Japan.

### b. Distributions

Distributions related to the periods but declared after the balance sheet dates are summarized as follows:

In accordance with the distribution policy as defined in the Article 35, Paragraph 1 of the Articles of Incorporation of MFLP-REIT, distributions shall be in excess of the amount equivalent to 90% of the amount of earnings available for dividends defined in the Article 67-15 of the Act on Special Measures Concerning Taxation.

Based on this policy, for the fiscal periods ended July 31, 2022 and January 31, 2022, MFLP-REIT declared a distribution amount of \$\frac{\pmathbf{4}}{4},165,056,000\$ and \$\frac{\pmathbf{3}}{3},740,884,000\$, respectively, which are the maximum value of the integral multiple of the total number of investment units issued and outstanding at the end of each period in amounts not in excess of unappropriated retained earnings.

Furthermore, based on the distribution policy as defined in the Article 35, Paragraph 2 of the Articles of Incorporation, MFLP-REIT executes the distribution of cash in excess of retained earnings (return of capital applicable to distribution reducing unitholders' capital for tax purposes) each fiscal period on a continuous basis.

Based on this policy, for the fiscal period ended July 31, 2022, MFLP-REIT declared the distribution of \(\frac{\pmathbf{\pmath}}{646,272,000}\), which is calculated as being almost equivalent to the remaining amount after subtracting the distribution of earnings of \(\frac{\pmathbf{\pmathb

Based on this policy, for the fiscal period ended January 31, 2022, MFLP-REIT declared the distribution of ¥538,206,000, which is calculated as being almost equivalent to the remaining amount after subtracting the distribution of earnings of ¥3,740,884,000 from ¥4,279,529,265 or 70% of FFO (funds from operation), as distribution of cash in excess of retained earnings (return of capital applicable to distribution reducing unitholders' capital for tax purposes).

(Note) MFLP-REIT may execute cash distribution in excess of distributable amount, in an amount it determines within a scope not to exceed the limit stipulated in the rules and requirements imposed by The Investment Trusts Association, Japan, when MFLP-REIT considers it appropriate, given such factors as economic environment, trends in the real estate market or leasing market, the situation surrounding owned assets and the financial condition.

In addition, in case that any cash distribution fails to meet the statutory requirements for special tax treatment for investment corporations, MFLP-REIT may execute cash distribution in excess of distributable amount, in an amount it determines to meet the statutory requirements.

# 7. Short-term and Long-term Loans Payable and Investment Corporation Bonds

Short-term and long-term loans payable mainly consisted of bank borrowings under loan agreements. The following table summarizes the short-term and long-term loans payable and investment corporation bonds as of July 31, 2022 and January 31, 2022.

# 12. Transactions with Related Parties

There are no significant transactions and balances with related parties for the fiscal periods ended July 31, 2022 and January 31, 2022.

### 13. Segment and Related Information

For the fiscal periods ended July 31, 2022 and January 31, 2022

### a. Segment information

Segment information has been omitted as MFLP-REIT engages in a single segment of the property leasing business.

### b. Related information

### (1) Information by product and service

Disclosure of this information has been omitted as revenues from external customers in a single product and service category exceed 90% of the total operating revenues on the statements of income.

### (2) Information by geographical area

### (i) Operating revenues

Disclosure of this information has been omitted as revenues from external customers in Japan exceed 90% of the total operating revenues on the statements of income.

### (ii) Property and equipment

Disclosure of this information has been omitted as the amount of property and equipment located in Japan exceeds 90% of the total amount of property and equipment on the balance sheets.

# (3) Information on major tenant

Disclosure of this information has been omitted because there is no tenant whose operating revenues make up 10% or more of total operating revenues.

# 14. Revenue Recognition

For the fiscal periods ended July 31, 2022 and January 31, 2022

Information on disaggregation of revenues from contracts with customers

For information on disaggregation of revenues from contracts with customers, please refer to Note 8. "Property Leasing Business Revenues and Expenses."

Note that revenues based on ASBJ Statement No. 13 "Accounting Standard for Lease Transactions" are included in the table of revenues and expenses generated from the property leasing business in Note 8. "Property Leasing Business Revenues and Expenses." Revenues from contracts with customers are primarily "utilities charges."

### 15. Significant Subsequent Events

# Independent auditor's report

# To the Board of Directors of Mitsui Fudosan Logistics Park Inc.:

# **Opinion**

We have audited the accompanying financial statements of Mitsui Fudosan Logistics Park Inc. ("the Company"), which comprise the balance sheets as at July 31, 2022 and January 31, 2022, the statements of income, statements of changes in net assets and statements of cash flows for the six months period then ended July 31, 2022 and January 31, 2022, and notes, comprising a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at July 31, 2022 and January 31, 2022, and its financial performance and cash flows for the six months period then ended in accordance with accounting principles generally accepted in Japan.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Other Information

The other information comprises the information included in the Asset Management Report, but does not include the financial statements and our auditor's report thereon. Management is responsible for the preparation and presentation of the other information. Supervisory directors are responsible for overseeing the director's performance of his duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

# Responsibilities of Management and Supervisory Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Supervisory directors are responsible for overseeing the executive director's performance of his duties with regard to the design, implementation and maintenance of the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Japan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of our audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the objective of the audit is not to express an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- · Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures in the financial statements are in accordance with accounting standards generally accepted in Japan, the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the executive director regarding, among other matters, the planned scope and timing of the audit, significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the executive director with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with him all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
